My name is Vandan Vaghamsi. I am a B.E. in Computer Science student at MBIT Computer Engineering Department. I was born and raised in Junagadh. I like a problem solving with a strong foundation in programming languages like C++, Java, and Python. I like to travel. I believe travelling gives you a new perspective to everything. You get to know a lot about the different cultures, the cuisines, their history, the language and all the small unique things every place has to offer.
